Subject: Integrated Mobility Platform: Final scores after Interviews
Attachments: Evaluation Scoring Sheet (combined w interview scores).xlsx

Evaluation Committee:

After adding interview scores (out of 30) for each vendor to scores from proposal evaluation stage (out of 100), the final scores from each agency are as follows

Vendors	AAATA	BCRTA	CARTS	GCRTA	SARTA	SORTA	TCT	WRTA	Total	Rank
Via	121	101.8	117.6	120.0	100.0	104.3	115.1	114.6	894.4	1
HBSS/Qryde	89.4	83.8	107.8	109.6	95.1	89.0	110.1	111.2	796.0	2
Ecolane	87	94.5	88.3	104.2	95.6	91.7	107.3	109.8	778.4	3

Via is clearly ahead of the other two. If we decide to move forward with more than 1 vendor at this stage, we will have to consider all 3 given how close HBSS and Ecolane are.

Given we have a clear frontrunner, our recommendation would be to **consider only Via going forward**. If we all agree, next steps would be:

- Send BAFO Letter:
 - Price form
 - Finalize number of vehicles (Via has clarified that their price is really dependent on the number of vehicles and they will consider the total number of vehicles across all NEORide members as a single pool).
 - We need to get clarity on how enhancements they have planned will be included in the pricing.
 - Additional Questions:
 - Along with the final pricing, we should ask them any follow-up questions to get remaining concerns addressed (IBI Group can compile this). Please note that the focus of the discussion should be only related to current RFP requirements.
- Complete reference checks (Katherine is conducting with IBI Group’s help)
- Conduct negotiation on contract terms and conditions (details TBD)
- Conduct in-person meetings with their core project leadership (details TBD)
- Final selection

This can all be conducted over the next 3-4 weeks. If consensus cannot be reached on any of the above steps, NEORide and member agencies should reserve the right to go to the next vendor.

If anyone has concerns with this approach, please let me know.

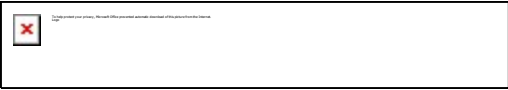

Thanks,

Santosh Mishra
